

BlueDevil® POWER STEERING STOP LEAK | 8 oz. | #00232

Product Description:

BlueDevil Power Steering Stop Leak permanently seals leaks in power steering, differentials, and rack and pinion steering. It's safe and easy to use and guaranteed to work or your money back. BlueDevil Power Steering Stop Leak works on gasoline or diesel engines.

- Guaranteed Permanent Seal for Power Steering
- Restores Dried, Cracked, and Shrunken Rubber Seals
- Works to Stop Leaks in Gas or Diesel Engines

Directions:

1. Turn engine off and pour 1/3 of bottle into power steering reservoir.
2. Start engine or equipment and drive vehicle for 1 to 2 hours or until leak has stopped (for extreme leaks up to 2 days drive time may be required).
3. If leaks persist, add as needed until leak stops.

BlueDevil quickly revitalizes hard, shrunken, leaking seals to their original condition as it circulates throughout the system.

DO NOT USE IN BRAKE SYSTEMS OR ON PAINTED SURFACES!

CAUTION! Avoid contact with skin. Keep out of reach of children. Always use protective eyewear.

DISPOSAL: In accordance with all local, state and federal regulations. If you have further questions in regards to the proper application of this product, please call 1.888.863.0426 to speak with our Tech Department.
